

Dear Parents/Carers,

We hope you are enjoying this time at home with your child and learning lots but most importantly, having fun! We recognise that this is a challenging time for everyone and hope that you have remembered that you have and always will be your child's first teacher.

Please remember that these next two weeks are meant to be Easter Holidays and we want you all to enjoy this as much as you can in the current situation. Do continue to practice spellings and phonics sounds with your child, read with your child and count each day but also...

Cook	Try new things	Make and create things	Play games
Write letters or cards	Draw and colour	Create your own games, puzzles and problems to solve	Sing and dance
Watch movies	Listen to stories	Easter Egg Hunt	Role Play
Garden and explore nature	Book reviews	Exercise	Take pictures

Our big question for next term is 'What is David Attenborough's message?' We look forward to sharing some learning activities about this with you soon.

Most importantly, have a great Easter!

Best wishes

The KS1 Team

Updates from us...

Hi everyone,

I hope you are all safe and well and enjoying this extra time with your families. Heath turned 1 this week so we had a 'party' at home! Heath has been keeping me busy practicing his walking and we have been having lots of fun playing and learning in the garden with our dog, Chester. Hopefully see you all soon.

Happy Easter!

Miss King

Dear children,

I hope you're all well and have been busy investigating, exploring and creating. During our time at home Josie and I have spent time doing just that. We have made playdough which Josie now realises isn't that tasty. When the sun has been out we have spent a lot of time in the garden looking after the plants, listening to the birds and spotting insects.

I wish you a wonderful Easter with your family.

Best wishes

Mrs Garrick

Hi everyone,

Over the past two weeks I have been practicing gardening and learning new things about plants. I have planted a grape vine and hope that grapes will grow on it this year. What do you think?

I miss you all and hope you are well.

Mrs Hardo
