

Year One and Two Working From Home Expectations w/c 12.06.20

As you are probably aware, one of the videos a member of the team produced last week failed to work. Attempts were made to embed the video within the blog again and make this work from drop box. We are hoping that this week, the technology behaves itself so it can support the learning we have produced for you.

Please note that whilst we endeavour for our home learning to continue to be of a high standard, the majority of our KS1 staff are now working in school, supporting bubbles of children. We will continue to do our best to respond to children’s work in a timely manner. We ask that you be patient with us and thank you in advance for your support in working in partnership with us.

Please remember that it is really important to take regular breaks when working on the computer. Please ensure you balance online learning with offline learning. You can upload photos, with adult permission, or write on the blogs to let us know the learning you have been doing offline.

Best wishes, KS1 Team
