

SUMMER TERM – Week 11 (w/c 6/7/20)

Years 3 & 4

Dear Parents & children,

We hope that you enjoyed finding out all about chocolate this week and have learnt some interesting facts. We have had a sneak preview of things that have been submitted before we begin to give feedback on them next week, and have been surprised by the variety of work we have seen: animations, slide shows, pictures of cooking experiments, cakes and attempts at new chocolate bars with a host of new ingredients! You have obviously been very busy and had lots of fun and eaten a lot of chocolate along the way! Please continue to present your findings in any way that you prefer – be creative and follow where your research takes you. Most of all, have fun.

This week, we have chosen the theme '**Under the Sea**'. We have created a learning blog filled with project and presentation ideas as well as resources to help get you started on your research. Remember to watch any linked or embedded YouTube videos with a responsible adult.

You can present your research in any format, either on or off line, however we do ask that you try to upload a picture of your learning to PurpleMash so that we can see it. Try to present this week's project in a different format from your chocolate project. Make sure that you have created an 'Under the Sea' folder in your 'My Work' file so that we can easily locate your work. Remember to take regular breaks when working on the computer.

The White Rose Maths worksheets and videos will be posted as usual on the relevant Maths blog. This week, **Year 3** will be focusing on **Measurement** and **Year 4** will be focusing on **Shape and Angles**.

Remember to keep checking the different blogs that you have access to as we may add new posts and videos during the course of the week.

Try to post images on the class blogs of what you have been doing - we are all missing you and wondering what amazing things you have been up to. We're really looking forward to seeing all of your fantastic learning projects. We are all really impressed with how well you have adapted to this new way of completing home learning and the dedication that you have shown to your learning.

Please be aware that the majority of staff are now working back in school and they will not be able to be as responsive as they have been over the lockdown period. We ask for your patience and understanding on this matter.

With very best wishes,

Mrs Coyle, Mrs Squires, Miss Thomas and Mrs Grover.

Parents, please remember to follow Surrey Hills All Saints on Facebook and Twitter
