

# Pirate Activity Menu

'Ahoy there me hearties!' ... that's the way Pirates say hello! Here are some Pirate ideas and activities for you to try out at home! Don't forget to make your own treasure box with items from home which tell us a little bit about you. Your new classmates will be making one too and bringing it in to school so we can all get to know each other!

There are so many wonderful Pirate stories, here are a few of our favourites!

Can you count how many there are of each of these pirate things? Can you draw one more? How many have you got now?

## Bring to School!

Decorate a shoe box to make your own treasure box. Fill it with things that tell us a little bit about you and what you like!

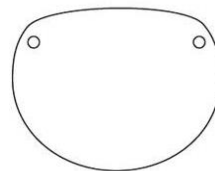

## Create your own Pirate outfit!

### The Hat

Use Black card to cut out 2 of this shape. Decorate with chalk. Tape the two sides from the inside and wear!

Create an eye patch from the left over pieces of black card. Thread a piece of elastic through fit to your head!

Finish off with a hand Hook! Use a flower pot or the top of a fizzy drink bottle and foil to make your own hook!

Can you say the first sound in each of these pirate pictures?

It is really important to learn about how to look after our seas and oceans to protect the animals in it. One way we can help is to recycle our rubbish so that plastic does not end up on sea. Did you know that a plastic bag in the sea looks just like a jellyfish and confuse some animals which eat them and die?

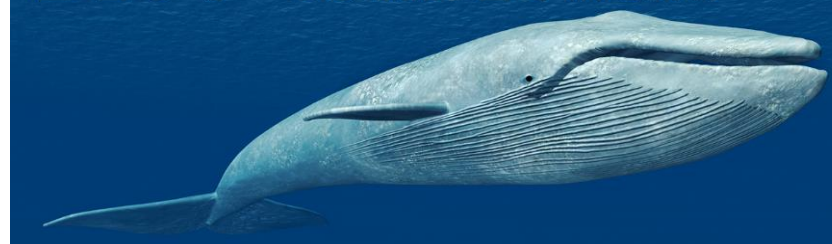

Did you know that our seas and oceans are home to over 100 million creatures? (It would take 10 years to count to this number!). This ranges from tiny plankton which you can only see with the help of a microscope to the world's largest living animal - The Blue Whale! The funny thing is that the Blue Whale would not survive without the tiny plankton because this is their main meal!

### Tiny Plankton

25 elephants standing in a row equal one **BLUE WHALE** in size.

### The Pirate Song

When I was one, I had some fun the day I went to sea,  
I climbed aboard a pirate ship and the captain said to me,  
"We'll go this way, that way, forward and backwards  
Over the deep blue sea!

When I was two, I tied my shoe the day I went to sea??  
When I was three, I bumped my knee ...  
When I was four, I shut the door ...  
When I was five, I was still alive ...  
When I was six, I gathered sticks ...  
When I was seven, I was almost in heaven ...  
When I was eight, I closed the gate ...  
When I was nine, I was feeling fine ...  
When I was ten, I started again ...

And last but not least ... can you make a delicious and healthy Pirate themed fruity snack? How many different fruits can you spot here? Which is your favourite?

We hope you enjoyed your Pirate activities! We can't wait to see your treasure boxes when you bring them in to share with your new classmates when you start school! If you want to share any of your Pirate Activities before then you can Email us at [abinger@surreyhill.surrey.sch.uk](mailto:abinger@surreyhill.surrey.sch.uk)
