03/07/26

Successes this week

SPORTS DAY

What a wonderful occasion! It was brilliant to welcome so many families for the picnic. Staff were so proud of how the children modelled our school values throughout the competition. The children should be so proud of their efforts and congratulations to our winning house - Ranmore.

TRANSITION

We hope everybody enjoyed their move-up morning or visit to their new setting. It was wonderful to welcome new children in YR & Y3, as well as Miss Morgan! We hope everyone is feeling comfortable about their transition path.

Y4 VISIT TO HIGH ASHURST

The children had the opportunity to develop important skills like teamwork, resilience and problem-solving during their enriching day of outdoor adventure activities.

Inclusion

CHILDREN'S COMMISSIONER SURVEY

Dame Rachel de Souza has asked we share this short survey and encourage all families to complete it. Thank you for your support in helping ensure the voices of children and young people from our school are heard. The survey is called 'The Big Future' and its mission is to find out from children what is needed to ensure all young people have the best childhood.

<http://www.childrenscommissioner.gov.uk/thebigfuture>.

Attendance

MEDICAL & DENTAL APPOINTMENTS

Please could we encourage medical and dental appointments to be made after school or within the school holidays, where possible.

If this is not feasible, we would ask that appointments be made at the start or end of the day, to minimise lost learning.

Every session counts.

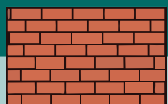

If your child has an appointment within the school day, we would be grateful if they could attend the session before and/ or after (as applicable). Thank you for your support.

Safeguarding

SAFEGUARDING AT DROP OFF & PICK UP

For safety reasons, please could children be discouraged from walking along the brick wall along the recess where the bins are stored. Thank you.

USE OF GOOGLE

Historically, Google was a search engine but its function has shifted due to the introduction of Gemini - an artificial intelligence element. Google has rebuilt its platform to keep users within its own ecosystem, prioritising direct answers and custom-built interactive tools over sending traffic to third-party websites. Given this, we want to ensure we collaborate to develop the children's digital literacy skills to enable them to critically evaluate information they might consume.

Pupil birthdays

From September, if your child would like to celebrate their birthday within school, we would ask - rather than sharing sweets or cakes with their classmates - the children gift a book to the school library or their class book corner instead.

A bookplate will be inserted in the front to capture who gifted the book & the occasion.

Staff are in the process of creating an Amazon wish-list to complement our existing stock and our curriculum offer.

Thank you in advance for your support of this initiative.

Miscellaneous

WARM WEATHER RETURNS

Children are welcome to wear their PE kits each day next week.

LIBRARY VOLUNTEER

We were wondering if anybody would be willing to volunteer one afternoon per week to open our library to allow pupils across the whole school to visit.

Please let Miss Greenwood know if you might be able to assist on a rota basis and, as ever, thank you for your support.
