FOREST SCHOOL

We have been so pleased to welcome Mrs Duke - our new forest school teacher. The infants have loved their initial sessions and I have relished hearing about the fun being had in the after school club for juniors.

Successes this week

PUPIL LEADERSHIP ROLES

Our Y6 children have embraced the opportunity to take on leadership roles across the school such as prefects. I wish to thank them for embodying our school values of respect and love - setting a positive example for others.

PROFESSIONAL DEVELOPMENT

We welcomed Maria Roberts, senior education officer from the GST & an Ofsted inspector, to lead a professional development session to empower staff when monitoring and evaluating as faculty leaders. Developing distributed leadership is a key priority on our school development plan for this academic year.

Attendance

MEDICAL & DENTAL APPOINTMENTS

Please could we politely request routine medical and dental appointments are booked outside of the school day or during the holidays to minimise the impact on learning.

If this is unavoidable, please book an appointment as close as possible to the end of the day. Thank you for your support.

Every session counts.

Collective Worship

This week, in line with our vision for all to flourish, we have been contemplating our responsibility to look after the natural world.

The children were invited to make an 'earth promise' - a small change they will make to how they live their lives to positively impact the planet. We highlighted how collectively, these small changes can have a big impact.

Safeguarding

SNAPCHAT

Users are required to be at least 13 to sign up so we would not expect any pupil to have access. This ensures age-appropriate protections for children.

Separately, please can we remind children mobile devices should be switched off - not silenced - before entering the school site and turned on only after having left the site.

Thank you!

Thank you for wearing denim & kindly donating to raise awareness for this important cause.

Collectively, we raised £200 which is testament to the school community's desire to 'flourish together'. A special mention to Charlie for contributing to the assembly so brilliantly!

Inclusion

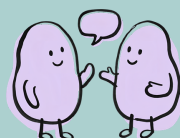

TARGETED INTERVENTIONS

This academic year, we have introduced a range of targeted interventions to facilitate progress in foundational knowledge & skills.

Mrs Cunningham is supporting children to develop their touch-typing skills to ensure all children are empowered to share their ideas in written form.

DROP-IN SESSION

Please remember to let the office team know by **Monday 12th** if you would like to join us for drop-in session to informally meet myself and Miss Morgan (co-SENCo) on Friday, 16th October after celebration assembly (~9.20am).

Polite Reminders

For safety reasons, children are not permitted to walk along the brick wall in the bin storage area.

Thank you for making a voluntary contribution via Scopay towards forest school in Butterflies or instrument tuition in the juniors. Your support is invaluable to ensuring these enriching opportunities can be offered.
