Successes this week

CHOIR

Thank you to the wonderful choir who today performed 'A Million Dreams' in our celebration assembly. What a wonderful way to finish the week at school!

A huge thank you to Miss Potterton who leads our choir and to the children who participated. You were all fabulous!

COMIC RELIEF

Thank you for your kind donations to this important cause. Together, we raised £92!

SWING & HAMMOCK/ LIBRARY

Thank you to F@SH for financing the installation of a replacement swing and hammock on the field for the children to enjoy!

Thank you to the brilliant team of parents who have spent time in the library to ensure it is welcoming & organised. The staff and children are all appreciative of your time & effort.

WESTCOTT VILLAGE HUB

We are so fortunate to be based in such a supportive community. An example of this is the 'wide awake club' that began operating this week at the Westcott Village Hub - offering free breakfast to all children between 7.30am & 8.30am in term time!

Inclusion

STEPPING UP FOR AUTISM

The National Autism Society (NAS) are offering free courses for parents of children aged between 6 & 10. No diagnosis is required. The group will meet for six weeks at Rowley's in Cranleigh from 16 April (6pm - 8.30pm). Please email [here](#) for further information and to book. The program covers:

- understanding autism
- communication
- understanding autistic experiences
- supporting daily living
- health and wellbeing
- connections.

A monthly online support group takes place on the first Monday of every month from 7-8pm, facilitated by a trained counsellor. For more information, please email: connections@esdas.org.uk

Safeguarding

ARBOR

Please ensure we have at least two contacts listed on your child's Arbor profile, in case of an emergency.

Thank you for your support.

MENINGITIS

In response to cases linked to the University of Kent and the recent national media coverage, we wanted to share some guidance. Further information can be found here from the NHS with respect to symptoms and what to do if you are concerned about your child.

Please be reassured that we are following all public health advice and will continue to keep you informed of any updates relevant to our school community. As of Wednesday, there are currently no cases in the county.

Attendance

LINK WITH ATTAINMENT

Department for Education research indicates children who have high attendance (95-100% attendance) in Year 6 are **30%** more likely to achieve the expected standard in reading, writing and maths compared to similar pupils who miss just 2-4 weeks of school (90-95% attendance).

Thank you for your support.

Surrey Wildlife Trust

SWT's Engagement Officer, Kirsty Porter, will be joining us on Monday, 23rd March for an action day at school.

She will be launching the 'Actions for Nature' Competition which will run until 31st May. By taking simple actions at home, we can all help create a Nature Recovery Network across the county. Just complete and report an 'action for nature' at home and we might win a grant towards outdoor learning equipment or tools to improve the school grounds!
