

Explanation of Year 6 SATs Books

EXPECTED STANDARD PRACTICE BOOKS:

KS2 Maths SATS Buster Pack (Number, Ratio and Algebra; Arithmetic; and Geometry, Measures & Statistics + answers) (£10) – code: M6SBB24

This bundle of 3 books, plus answer booklet, gives children a wide range of problems and practice questions on the full range of topics. They also include self-assessment tick boxes so the children can make a note of how confident they feel about each area of mathematics.

KS2 SPaG SATS Buster Book 1 Bundle (Grammar, Punctuation, Spelling and Answer Book included) (£10) – code E6SBB24

This is another bundle of 3 books plus answer booklet. Each book contains many questions, covering all areas of SPaG (Spelling, Punctuation and Grammar), together with self-assessment tick boxes.

KS2 Reading SATS Buster Bundle (Fiction, Non-Fiction and Poetry (with answers) (£10) – code E6FRB22

The reading bundle again has 3 question booklets – covering all most genres. Books have text extracts and a range of SATS style questions. As with all questions books, there are self-assessment tick boxes.

STRETCH PRACTICE BOOKS:

KS2 Reading SATS Buster **STRETCH books (Fiction, Non-Fiction and Poetry (with answers) (£10) – code E6HRB22**

These books would suit the more able readers. They could be purchased **instead** of the standard Reading bundle above.

KS2 Maths SATS Buster **STRETCH books (Number, Ratio and Algebra; Arithmetic; and Geometry, Measures & Statistics + answers) – code M6HSBB22**

These books would suit those who are secure on all aspects of mathematics. They could be purchased **instead** of the standard maths bundle above.

STUDY BOOKS:

KS2 Maths SATS Revision Book – Study Book: Standard Level (£5.95) – code MLFR23

Explanation of terms and coverage: This book explains all the key Maths topics with notes and helpful step-by-step examples. There are some practice questions (and answers included in the back). This is useful if you are unsure of the methods the children have been taught, or for your child to have a reference book at home.

KS2 Maths SATS Revision Book –Study Book: **Stretch (£5.95) – code MLHR23**

Explanation of terms and coverage: All the most difficult Year 6 Maths topics are explained in this book. Again, with some practice questions and answers.

If your child is working at a higher level, this reference book will support them with their learning and enable adults to support them fully.

KS2 English Grammar, Punctuation and Spelling Study Book Standard Level (£5.95): EGR24

Explanation of terms and coverage: This book explains all terminology such as 'relative clauses and determiners' as clearly and simply as possible. It also contains a few practice style questions (and answers). A useful reference book.

KS2 English Study Book: **Stretch (£5.95): code E6HR23**

Explanation of terms and coverage: Topics are explained in this book to a greater depth.

If your child is working at a higher level, this reference book will support them with their learning and enable adults to support them fully.

Notes:

- Please note, whilst these books will support your child, there is no obligation to purchase.
- If you need any further clarification, or advice as to which level to purchase, please let us know.
- Please place your order by Wednesday 2nd February.
