

Dear Parents,

We hope you are enjoying this time at home with your child and have settled into a little routine. We are aware that for some of you it might be daunting to think that you are responsible for educating your child but please don't worry – you are doing the best you can!

The sheets we sent home are just there to give you some structure and framework for short parts of the day (1 or 2 of them completed each day is enough!) Remember that most of EYFS learning is through play and whilst phonics and number need to be done every day, it can all be incorporated as your child plays.

We don't expect you to replicate the school experience, don't try to be your child's classroom teacher, just keep being the teacher you already are to them.

So...

Read with your child.  
Cook with your child.  
Explore how things work with your child.  
Garden with your child.  
Enjoy nature with your child.  
Make and create things with your child.  
Sing and dance with your child.  
Play with your child.

If you do these things your child is learning from you every day and that's the very best thing you can be doing right now.

Take care and stay safe,

The EYFS Team
