

SUMMER TERM – Week 7 (w/c 8th June, 2020)

Years 5 & 6

Dear Parents & Children,

It was lovely to welcome back many year 6 children last week. The children in school, whether year 6 or key worker children, will be covering similar learning as is being set at home and, as much as possible, we are outside and having fun!

We will continue to set home learning as before with weekly blogs for English, maths and for each year group. We are delighted with the commitment and the quality of work that we are receiving. We have printed off some of your fantastic Lockdown poems and hope to display them.

It is, of course, fine to work off-line and, if possible, then let us know how you got on, or upload a picture. Do remember, it is really important to take regular breaks when working on the computer.

As the majority of staff have returned to school to teach the 'bubbles', it may take a little longer for your work to be commented upon, but do keep an eye on your alerts and rewards. We ask for your patience and understanding on this matter.
