It has been a different, strange but also special year for us all and we are so glad we got the chance to see you all before the holidays.

To help you with settling in to your new classes we have thought of some fun activities to keep your amazing learning going during the summer holidays.

<p>Summer Reading Scheme Surrey Libraries have made this available online this year. https://summerreadingchallenge.org.uk/ It will be lovely to share what we have read once we are back in school and win some prizes!</p>	<p>Write a Postcard Keep in touch with your class teacher and let them know what you have been up to during your holidays – it might be things you have done at home or you might have travelled somewhere. We will be happy to hear from you! Pop a stamp and your teachers name on the template.</p>	<p>Research your class insect Find out some cool facts about your class animal to share in September. Why not create a model or picture of your animal for the classroom! Make it as colourful and creative as possible.</p>

We are all looking forward to seeing you again in September in your new classrooms where we will have a lot of fun making new friends, learning new skills and enjoying getting back to building our school community.

Most of all, we hope you have a wonderful summer spending time with your families and friends, especially those you may have missed recently. Have a well-deserved and restful time in the sunshine.
